

Commercial Applicator Recertification Requirement: A minimum of 5 hours in approved training must be completed before the recertification expiration date. Of this requirement, 1 hour must be in General/Core, ½ hour in each certification category and any other approved Core or category training can then apply to any remaining time needed to reach the 5 hour minimum. You must renew the license every year in order to keep the recertification current. If the license is not renewed each year retesting is required.

Private Applicator Recertification Requirement: A minimum of 3 hours in approved training must be completed before the recertification expiration date. Of this requirement, 1 hour must be in General/Core, ½ hour in each certification category and any other approved Core or category training can then apply to any remaining time needed to reach the 3 hour minimum.
